## Push-in/threaded L-fitting, rotational QSRL-1/8-8 Part number: 153413

360° rotatable, with ball bearing, male thread with external hexagon.

## **Data sheet**

| Feature                                       | values   |
|---|--|
| Size  | Standard   |
| Nominal size                                  | 4.6 mm   |
| Type of seal on screw-in stud                 | coating  |
| Assembly position                             | Any  |
| Container size                                | 1  |
| Design structure                              | Push/pull principle                                      |
| Operating pressure complete temperature range | -0.95 6 bar  |
| Temperature dependent working pressure        | -0.95 14 bar   |
| Max. speed                                    | 400 1/min  |
| Operating medium                              | Compressed air in accordance with ISO8573-1:2010 [7:-:-] |
| Note on operating and pilot medium            | Lubricated operation possible                            |
| Corrosion resistance classification CRC       | 1  |
| Ambient temperature                           | 0 60 °C  |
| Authorization                                 | Germanischer Lloyd                                       |
| Max. tightening torque                        | 7 Nm   |
| Max. radial moment                            | 0.015 Nm   |
| Product weight                                | 33 g   |
| Pneumatic connection, port 1                  | Male thread R1/8   |
| Pneumatic connection, port 2                  | for tubing, 8mm outside diameter                         |
| color of release ring                         | blue   |
| Materials note                                | Conforms to RoHS   |
| Materials information, housing                | PBT  |
| Release ring material data                    | POM  |
| Materials information for tubing seal         | NBR  |
| Hose clamping segment material data           | High alloy steel, non-corrosive                          |
